Smart Wiring/Structured Cabling

Future proofing your home with the right choices

From Smart TVs, Computers, Media centers, Game Consoles, Fridges etc... are just a few of the devices that benefit from this, everything seems to be coming out Smart Wiring ready these days. Smart Wiring reduces the amount wireless in the house and speeds up your internet/network.

Getting Smart Wiring is highly recommended if you're building a new home, we can also help if you're in an established home.

Technology is being released Smart Wire ready!

SMART HOUSE

OUR SMART WIRING PRODUCTS

HHH400F HUB WITH PH/TV DISTRIBUTION

The Hills Home Hub delivers and distributes data, phone, video, audio and TV signals using the latest in data and TV cables from a centrally located enclosure to specially configured wall outlets in any room of your choice. Structured cabling using the Hills Home Hub is preferably planned at the same time as your electrical wiring.

The central enclosure is home to the devices that enable the delivery and distribution of these signals. An ideal location for the central enclosure is a garage or utility room.

DATA, INTERNET & PHONE MODULES

The following devices are inserted into the Hills Home Hub to extend your data, network and data capabilities.

8 Port Ethernet Switch

High speed hub that allows your internet to be split to 8 locations.

8 Port DATA Patch Panel

Create a fast, secure & stable network with this 8 Port Data Hub.

4x8 Port Phone Patch Panel

Multiple phones lines can be routed to multiple locations and devices.

Face Plates

TV Aerial Face Plate

Connects any TV Antenna directly to your TV or DVR.

Ethernet Face Plate

Network your house using either Cat5 or Cat6 cabling.

Telephone Point Face Plate

Connect any standard phone or ADSL splitter to this point.

Foxtel Face Plate

Be Foxtel ready with this dual point Foxtel face plate.

* All points to 26ml conduits and wall boxes supplied by builder

OUR SMART WIRING PACKAGES

Package 1 - Home Starter Package - \$399

The Home Starter Package provides a basic cabling solution for home owners who want simple TV, phone and internet connection. This pack is compatible with all service areas such as Telstra fibre, Opticomm, LBN Co, copper and is NBN ready.

TV Aerial Point

Internet/Data Point

Phone Point

Package 2 - Entertainment Package - \$999

A smart wired home is ready for technology. The Smart Wire Entertainment Pack delivers a high speed data network, integrated with high grade television cabling, to industry recognised standards. The home cabling is star-wired from a central, NBN approved smart wire panel. The smart wire panel allows for future expansion, conceals cable clutter and provides a central service and distribution point for the home's technology.
